

CRITICAL POWER & DECENTRALISED ENERGY 2018 – IF YOU ONLY ATTEND ONE CONFERENCE A YEAR, MAKE SURE IT'S THIS ONE

The 2018 CP&De exhibition is being organised by Global Media Publishing Ltd and will be held on the 18th & 19th April, 2018, at the Ricoh Arena, Coventry, UK. CP&De is easily the largest and most reputable, independently-run, stand-alone Independent Power and Electrical trade exhibition in Europe and it is aimed at buyers, users and specifiers of independent power generator equipment, power engineers, energy professional and consultants, city councils, infrastructure specialists, data centre operators, electricity providers and utility technicians.

CP&De is a 2-day event incorporating an informative key business conference focusing on a wide spectrum of energy-related topics, including Independent Power generation, Renewable Energy, Generator Sets, CHP/District Heating, large-scale Industrial Batteries/fuel cells and Uninterruptible Power Supplies. See www.cpde.co.uk for daily updates on the show.

This leading Conference represents a significant opportunity to network with prominent organisations and high level influencers and for you to represent your company at this prestigious event provided specifically for the independent power generation sector. One of the key Conference strands incorporates WOMEN IN POWER –Conference Sessions where leading UK professionals will discuss the need for more women in Power Engineering; they will be looking at issues such as gender diversity in the workplace and the kinds of improved training opportunities which must become in schools, colleges and Higher Education generally in the UK.

Here are 6 good reasons why you SHOULD NOT miss this event:

- (1) **ATTEND THIS CONFERENCE & IMPROVE YOUR INDIVIDUAL EDUCATION CREDITS.** It's official. The further learning value and structure of the CP&De Conference at the Ricoh Centre officially conforms to CPD guidelines - and has been granted validation by the UK's CPD Certification Service. This means that every lecture presentation you attend will mean points towards your Personal Development education programme.
- (2) **KEY SPEAKERS** offer at least 16 hours of lectures on subjects such as the latest Generator Set technology, the National energy situation, Finance, CHP, Renewables, Fuel Cells & the UK's Sustainable Future - for speaker updates please consult: www.cpde.co.uk
- (3) **IT'S FREE:** this event is entirely free to attend – and you can 'mix-and-match' whichever Conference papers you want to hear. All papers/presentations will be available in digital formats, also free. Multi-channel headphones are provided at **no charge** for the duration of the event.
- (4) **NETWORK WITH THE COMPANIES:** **OVER 50** top manufacturers and suppliers of independent power equipment & ancillary services will be exhibiting at this event. Come and network with their representatives about issues. Technology or your career prospects.

(5) **KNOWLEDGE IS POWER:** This is your chance to be briefed on the latest and hottest topics involved with independent power generation in Europe. QUESTION & ANSWER opportunities enable you to learn and network with 50+ of the industry's top energy professionals.

(6) **INDUSTRY DINNER & AWARDS NIGHT** [April 18th, 2018]: Fully-supported by leading organisations, this features celebration of achievements of some of the industry's top energy professionals.

[Ticket cost & table details available on the website.](#)
