

the
IDGTE
 Technology Seminar
 & 71st Annual Luncheon

Thursday 3 May 2018
 Grange Tower Bridge Hotel
 London E1 8GP

Meeting the Power Challenge of Today's Global Markets

IDGTE's 2018 Technology Seminar and Luncheon is to be held at the Grange Tower Bridge Hotel. The day will commence at 10.00am with a morning seminar, followed by a 3-course luncheon and guest speakers in the afternoon.

The seminar will comprise a multi-stream programme covering a range of technologies and subject matter, so there will be something which is relevant to everyone's business.

The annual seminar and luncheon is well established as a key event in the calendar of the power and prime mover industries and is an occasion not to be missed. Book your place now and take the opportunity to catch up on the latest technology developments and to hear and engage with internationally renowned speakers, plus the chance to network with other members, clients, colleagues and friends, old and new.

The principal guest is Melle Kruisdijk, Vice President Europe - Wärtsilä Energy Solutions. Our guest speaker is Dave Coplin; author, alchemist, catalyst, Founder and CEO of The Envisioners and former Chief Envisioning Officer with Microsoft.

Technical seminar

The **seminar** is designed to give delegates flexible access to relevant material from industry leaders. Content is based on IDGTE's depth of industry knowledge and achieving a balanced mix of topical subjects.

The **exhibition** is located between the two presentation areas and open throughout the day such that delegates will be able to access exhibits and interact with representatives from 9.30am onwards.

Corporate luncheon tables, with your company's corporate identity, are the ideal way to engage with your existing and potential clients and network with colleagues and friends in a less formal setting and hear some of the latest news in the industry from the Principal Guest. The Guest Speaker is sure to inspire and bring a little light relief from the business of the day.

Pre lunch reception

The **pre lunch reception**, and after the luncheon in the **Atrium Bar**, gives you the opportunity to make those vital contacts and to talk about what is important to you and your business.

Speakers

Principal guest

Our principal guest is **Melle Kruisdijk**.

Melle holds the position of Vice President Europe at Wärtsilä Energy Solutions and is responsible for leading the sales and project execution activities in Europe. He is a mechanical engineering graduate from Delft University of Technology and holds a Masters in business administration from Berne University of Applied Science.

Melle Kruisdijk

Guest speaker

Dave Coplin

Our guest speaker this year is **Dave Coplin**. Author, alchemist, catalyst, Founder and CEO of The Envisioners. With 25+ years in the technology industry (and through his former "day job" as "Chief Envisioning Officer" at Microsoft) he is at the forefront of conversations on how individuals and organisations could benefit from the transformational potential that technology offers, rather than simply using it to do the same things, but only slightly better. Dave has a tell-it-as-he-sees-it style and a light-hearted approach. He inspires, enthuses and entertains his audiences. He helps them to think differently and creatively. His mission is to make people reconsider their relationship with technology and how it can help them work smarter, not harder, often taking a sideways, humorous view of life.
