

# the IDGTE Technology Seminar & 71<sup>st</sup> Annual Luncheon

Thursday 3 May 2018

The 2018 IDGTE Technology Seminar and Luncheon is to be held once again at the Grange Tower Bridge Hotel. Following a similar format to previous events, the day will commence at 10.00am with a morning seminar followed by luncheon and guest speakers in the afternoon.

The seminar will comprise a multi-stream programme covering a range of technologies and subject matter, so there will be something which is relevant to everyone's business.

The annual seminar and luncheon is well established as a key event in the calendar of the power and prime mover industries and is an occasion not to be missed. Take the opportunity to catch up on the latest technology developments and to hear and engage with internationally renowned speakers, plus the chance to network with other members, clients, colleagues and friends, old and new.

The principal guest will be from Wärtsilä Finland.

This year's guest speaker is **Dave Coplin**; author, alchemist, catalyst, Founder and CEO - The Envisioners. Dave has a tell-it-as-he-sees-it style and a light-hearted approach. He inspires, enthuses and entertains his audiences. He helps them to think differently and creatively. His mission is to make people reconsider their relationship with technology and how it can help them work smarter, not harder, often taking a sideways, humorous view of life.

Application form overleaf or available from [www.idgte.org](http://www.idgte.org)
